

# Fraser Valley Soccer League

To: ALL APPLICANTS

Re: Team Applications – **Spring/Summer 2024 – APRIL to JULY**

All prospective teams are required to submit a brief application giving team name and contact information, including telephone, mobile and e-mail. A list of the players with addresses and whether they have a field available to them and if they are part of a club system.

As part of the application process, we require a **\$75** application fee and a **\$200** deposit (payable to Fraser Valley Soccer League) which will be held as a team performance bond, to be returned if the application is denied or when you leave the league.

Teams should apply to play in their appropriate competitive Division, Premier, Division 1, Division 2, Division 3, or Masters O35 or O45. The leagues' current Spring/Summer team fee is **\$450** per year plus the team performance bond **\$200** (NEW Teams) as explained above. The fees cover league operating costs, \$50 to BCSA. Registration for players is \$35 but if they played in a BCSA affiliated league during the winter (**REBATE is \$15**), those who are not registered in the current winter season with BCSA pay **\$35**. Make sure this is done accurately, teams found to be ignoring this will be expelled immediately.

In addition, the team will have their own costs (REFEREES fee of **\$45** per game **\$100** for Premier w/AR's, uniforms, nets, balls, fields etc.). The league has a team discipline fine schedule in place. Player fines for discipline suspensions are paid directly and must be paid prior to resuming play.

Letters of interest with the required information and deposit should be forwarded to the league administrator at your earliest opportunity to
